THE twenty-seventh Session will open on the 7th of October; Matriculation Examinations and competitions for scholarships will begin on the following day. The Calendar for 1868-9, contains full information as to the Curriculum, Subjects of Study, and the various examinations. Copies may be obtained on application to the Registrar, Professor Jowett, Kingston.

The various departments are under the charge of competent Professors, of whom there are five in Arts and twelve in Medicine. The healthful character of Kingston is well known, and its central situation makes it easily accessible from all points of the compass. The climate is very moderate.

Eighteen Scholarships, varying in value from £40 to £80, are offered for competition by the University.
